"The Journey of Chemistry Through Ages – Yesterday Today Tomorrow"

The story of chemistry is as old as the story of human civilisation. In this victory march, Chemistry has evolved into a basic and fundamental scientific discipline playing a vital role in improving the quality of life of mankind.

The year 2011 has been marked as the International year of Chemistry by UNESCO and IUPAC. To celebrate this, a symposium has been arranged on "The Journey of Chemistry Through Ages – Yesterday Today Tomorrow" by the Department of Chemistry, Maulana Azad College, Kolkata.

The objective of this endeavor is to enrich and acquaint us with the development of the Chemical Science with special reference to the contributions of Chemistry in the welfare of mankind.

We are grateful to the University Grants Commission (UGC) for financial assistance.

Dear Sir / Madam,

On behalf of the organizing committee, we cordially invite you and your colleagues and students to participate in the symposium on November 23 and 24, 2011 to be held in our college premises.

We welcome active participation of the students in debate, speech and poster presentation events of this symposium to share with us the joy of this celebration and to make it a grand success.

With warm regards,

Debkumar Mitra / Chittaranjan Das
